		the microusb	12	on the cable	6	i've been using th	3			
		one lasted	12	on one of	6	working after 2 w	3

		anker and	11	is not good	5					
		have purchased	11	a little more	5					
		and off	11	to find the	5					
		you are	11	few months they	5					
		reason i	11	and none of	5					
		in for	11	my galaxy s6	5					
		chargers for	11	a new phone	5					
		the new	11	and all of	5					
		that would	11	seemed like a	5					
		to do	11	the cable into	5					
		be able	11	it lasted about	5					
		but only	11	on the table	5					
		work well	11	about 4 months	5					
		connect to	11	are supposed to	5					
		usb cords	11	of a sudden	5					
		a nice	11	all the other	5					
		pack and	11	them to work	5					
		have an	11	a piece of	5					
		cord the	11	no longer stay	5					
		this time	11	my cell phone	5					
		disappointed with	11	these cords were	5					
		and had	11	cable did not	5					
		money i	11	the first few	5					
		from this	11	after 5 months	5					
		wear out	11	cables that work	5					
		it so	11	good but the	5					
		problem is	11	they stopped cha	5					
		the point	11	support fast char	5					
		note 4	11	few months and	5					
		one has	11	all the way	5					
		phone charging	11	i was really	5					
		use them	11	i plugged my	5					
		so many	11	after a while	5					
		products i	11	cord does not	5					
		charger in	11	being plugged in	5					
		not be	11	few weeks the	5					
		be very	11	the ones that	5					
		not have	11	connection to the	5					
		has already	11	months and the	5					
		and for	11	it was my	5					
		well but	11	well made and	5					
		it broke	11	plugged my phon	5					
		around the	11	just fine i	5					
		one day	11	these cables is	5					
		i contacted	11	and does not	5					
		s7 edge	11	it has been	5					
		my kids	11	charging port on	5					
		where it	11	in the trash	5					
		a full	11	is loose and	5					
		2 out	11	i would say	5					
		you plug	11	a fast charging	5					
		10 ft	11	cable for my	5					
		four months	11	of normal use	5					
		cords were	11	but now it	5					
		to wiggle	11	customer service	5					
		usb cord	11	to replace them	5					
		not happy	11	time and the	5					
		and stopped	11	of the usb	5					
		now and	11	will stop charging	5					
		i won't	11	these cables in	5					
		cable will	11	1 month i	5					
		not one	11	the cable seems	5					
		and doesn't	11	work out of	5					
		make it	11	forever to charge	5					
		cable stopped	11	my phone as	5					
		when they	10	cable seems to	5					
		after i	10	be buying this	5					

		i put	10	to be of	5					
		them all	10	will not buy	5					
		an hour	10	samsung galaxy	5					
		cord to	10	days of use	5					
		neither of	10	weeks and now	5					
		is so	10	out to me	5					
		the beginning	10	keep the cord	5					
		was only	10	connected to a	5					
		we have	10	there was no	5					
		purchased these	10	in the pack	5					
		cables is	10	and would no	5					
		daily use	10	was just a	5					
		android phone	10	over a year	5					
		don't fit	10	worth the money	5					
		bent and	10	and they are	5					
		will charge	10	out on me	5					
		new one	10	last a month	5					
		cable lasted	10	waste your time	5					
		other cable	10	the first day	5					
		and this	10	is a nice	5					
		did work	10	for 3 weeks	5					
		used one	10	three cables have	5					
		of days	10	have had these	5					
		night and	10	lasted a couple	5					
		they charge	10	almost a year	5					
		certain position	10	about two weeks	5					
		but for	10	for about 6	5					
		it says	10	two weeks of	5					
		a problem	10	i thought they	5					
		like i	10	cables i bought	5					
		leave it	10	after 3 weeks	5					
		port and	10	it into the	5					
		now it's	10	died within a	5					
		should be	10	phone plugged in	5					
		charge a	10	a week after	5					
		with no	10	them for a	5					
		these worked	10	charge i have	5					
		the power	10	lasted a little	5					
		got the	10	straight out of	5					
		be more	10	charging cable is	5					
		have tried	10	was hoping for	5					
		wore out	10	that would last	5					
		one broke	10	the 3 cords	5					
		cable it	10	the return date	5					
		phone on	10	little over a	5					
		broke in	10	after one month	5					
		the plastic	10	usb cables and	5					
		any device	10	it plugged in	5					
		great the	10	needs to be	5					
		weeks ago	10	has already stopp	5					
		cords that	10	neither of them	5					
		not so	10	i've had these	5					
		two cords	10	about the same	5					
		i went	10	when i plugged	5					
		as advertised	10	just fall out	5					
		and 1	10	and it does	5					
		purchased two	10	the charger it	5					
		i still	10	for a short	5					
		is just	10	is a great	5					
		these and	10	every time i	5					
		to connect	10	i ordered the	5					
		i want	10	i have owned	5					
		the 2	10	the usb port	5					
		them they	10	two months and	5					
		in order	10	have to replace	5					
		working fine	10	i liked the	5					
		i also	10	and they all	5					
		the part	10	the cable has	5					
		the plugs	10	it didn't work	5					
		worth it	10	appear to be	5					

		so i'm	10	of my cables	5					
		year and	10	3 of these	5					
		lifetime warranty	10	a great idea	5					
		it falls	10	and then they	5					
		is loose	10	to fall out	5					
		well built	10	as long as	5					
		and don't	10	not the best	5					
		the way	10	at the connection	5					
		phone was	10	next to my	5					
		me the	10	and stopped worl	5					
		to break	10	do not buy!	5					
		that work	10	to be replaced	5					
		of charging	10	my bed and	5					
		will last	10	this is my	5					
		just the	10	these cables and	5					
		them have	10	i received this	5					
		quality cable	10	good quality but	5					
		both the	10	the 6 foot	5					
		don't seem	10	my note 5	5					
		but still	10	phone while char	5					
		in i	10	my car i	5					
		months in	10	don't last very	5					
		my battery	10	weeks one of	5					
		not good	10	to be in	5					
		are no	10	but i guess	5					
		from my	10	the samsung gal	5					
		didn't even	10	1 of the	5					
		i own	10	on the outside	5					
		month ago	10	not at all	5					
		buy this	10	and it would	5					
		liked the	10	will no longer	5					
		the job	10	and they work	5					
		and won't	10	quit working withi	5					
		my bed	10	see how long	5					
		such a	10	how long it	5					
		it had	10	it stopped chargi	5					
		the small	10	is plugged into	5					
		all my	10	been using this	5					
		off the	10	lasted 4 months	5					
		the ipad	10	that one of	5					
		a better	10	like any other	5					
		received a	10	it will be	5

		just not	10	to last long	5					
		since it	10	months then stop	5					
		the description	10	then stopped cha	5

		i cannot	11	once you get	6	it doesn't work at	3

		about the	11	if you don't	5	opener worked v	3

		off and	11	if it is	5	thing about it is	3			
		a hard	11	to use than	5	grip on the can	3			
		arthritis in	11	to deal with	5	after a couple of	3			
		a pain	11	typical can opene	5	it was easier to	3			
		i need	10	hang of it	5	figured out how t	3

		back on	10	the can or	5	liquid in the can	3			
		the oxo	10	going around the	5	does a great job	3			
		be the	10	the can without	5	the opener from t	3			
		last longer	10	i loved it	5	to remove the op	3			
		it had	10	i wish i	5	this type of can	3

		one can	10	a manual can	5	and none of them	3			
		the whole	10	it may be	5	sharp edges and	3

		leave a	10	this thing to	5	the first can i	3			
		up on	10	have to resort	5	if the can is	3			
		work the	10	few times i	5	looking for a can	3			
		like i	10	great while it	5	a can opener but	3			
		due to	10	open all cans	5	it this can opener	3			
		it gets	10	like that it	5	a safety can oper	3			
		lid i	10	i got it	5	safety can opene	3			
		but my	10	to have to	5	from inside the ca	3			
		you don't	10	there are no	5	in my hands and	3			
		it very	10	the fact that	5	stay on the can	3			
		have the	10	had this for	5	around the can 2	3			
		many times	10	the job done	5	the can 2 or	3			
		impossible to	10	getting used to	5	can 2 or 3	3			
		best can	10	half of the	5	to remove the top	3			
		to last	10	to pull it	5	easy for me to	3			
		however it	10	the can twice	5	it is difficult to	3			
		how it	10	to take the	5	i am a big	3			
		started to	10	it works it	5	i was trying to	3			
		can in	10	get the can	5	i now have to	3			
		wish i	10	have to pry	5	around the edge	3			
		one for	10	times a week	5	use it i have	3			
		and can	10	stopped working	5	difficult to get the	3			
		the cut	10	the can on	5	use a can opener	3			
		piece of	10	use i have	5	on the can opene	3			
		rather than	10	cans with this	5	i can't get it	3			
		cut myself	10	year and a	5	i am going to	3			
		and doesn't	10	at first and	5	to cut the lid	3			
		my finger	10	and then it	5	to be able to	3			
		way to	10	have to make	5	a can with this	3			
		you open	10	it for the	5	press down on th	3			
		can just	10	for a little	5	i couldn't get it	3			

		after opening	10	once a week	5	last longer than t	3			
		wouldn't buy	10	to use a	5	the second time i	3			
		sometimes i	10	the problem is	5	for less than a	3			
		i've tried	10	one i had	5	on to the can	3			
		i hate	10	the can several	5	lip of the can	3			
		it wouldn't	10	of this can	5	i like it but	3			
		to attach	10	was able to	5	it would be a	3			
		electric can	10	two or three	5	open a lot of	3			
		opener would	10	like a good	5	a lot of cans	3			
		should have	10	used to but	5	little hard to use	3			
		on my	10	on this one	5	does the job it	3			
		have no	10	and it stopped	5	you have to stan	3			
		under the	10	a great job	5	hate this can ope	3			
		the sharp	10	save your money	5	i first got this	3			
		hamilton beach	10	is the worst	5	months of use i	3			
		rim of	10	at least twice	5	edges on the car	3			
		does a	10	can at least	5	into the side of	3			
		with arthritis	10	cans with it	5	of the can this	3			
				but this one	5	work at all it	3			
				i like it	5	can opener i love	3			
				like this product	5	this can opener l	3

				i like that	5	leaves a very sha	3			
				as the can	5	opener i loved it	3			
				wanted to like	5	the can when you	3

				has been a	5	than a regular ca	3			
				at first i	5	i threw it away	3			
				this was the	5	open a single car	3			
				like this can	5	the lip of the	3			
				is difficult to	5	lift the lid off	3			
				matter how many	5	it cuts off the	3			
				off the lid	5	it leaves a very	3

				in the end	5	into the food i	3			
				have to be	5	the can it is	3			
				to work i	5	going around the	3			
				at least a	5	opener worked g	3			
				as well as	5	opener it is not	3			
				doesn't work on	5	edges on the lid	3			
				just doesn't work	5	i would have give	3

		i couldn't	12	i have small	5

		be able	12	so if you	5					
		back on	12	is my second	5					
		noise canceling	12	plugged them in	5					
		my laptop	12	it picks up	5					
		the issue	12	soon as i	5					
		weeks and	12	to return these	5

		last a	12	put them on	5					
		me i	12	of the music	5

		bought a	12	no longer charge	5					
		the mpow	12	ear piece that	5					
		3 stars	12	they would not	5

		headphones do	12	me a replacemer	5					
		for music	12	with all the	5					
		one ear	12	has to be	5

		very low	12	i would recomme	5					
		to say	12	seems like a	5					
		quite a	12	in the past	5					
		bluetooth connec	12	they still work	5					
		than that	12	not the best	5					
		to hold	12	maybe i got	5					
		at this	12	quality on the	5					
		about 3	12	using these for	5					
		are just	12	the headphones	5					
		use and	12	use the headpho	5					
		wear them	11	i can barely	5					
		for an	11	can barely hear	5					
		quality but	11	been using these	5					
		4 months	11	i think it	5					
		that these	11	the time and	5					
		then it	11	i gave them	5					
		may be	11	a week now	5					
		bass is	11	but they don't	5					
		not for	11	paired with my	5					
		when i'm	11	it seems like	5					
		into a	11	the same price	5					

		good reviews	11	good and they	5					
		longer than	11	sound is very	5					
		is on	11	about the same	5					
		a problem	11	good as the	5					
		they won't	11	i will keep	5					
		shut off	11	they will not	5					
		at my	11	on the treadmill	5					
		it sounds	11	in the ears	5					
		another brand	11	out if i	5					
		a long	11	love these headp	5					
		adjust the	11	a way to	5					
		now it	11	what i was	5					
		returned them	11	for a little	5

		a full	11	it as a	5					
		and was	11	connecting to my	5

		a try	11	i was disappointe	5					
		issue is	11	good reviews i	5					
		of bass	11	was going to	5					
		it's just	11	for my husband	5					
		and would	11	so i thought	5					
		they lasted	11	i was excited	5					
		bluetooth headse	11	sound quality of	5					
		volume and	11	is a bit	5					
		a call	11	quality of these	5					
		that are	11	up to the	5					
		my previous	11	i thought i	5					
		other person	11	they fit well	5					
		of sound	11	and they just	5					
		ears but	11	well but the	5					
		buy this	11	to hear the	5					
		i figured	11	i do have	5					
		am very	11	quality is fine	5					
		use for	11	they did not	5					
		as they	11	when trying to	5					
		these things	11	these to replace	5					
		based on	11	to use the	5					
		i even	11	headphones but	5					
		purchased this	11	to make it	5					
		pretty well	11	get it to	5					
		well but	11	and now they	5					
		over a	11	is great and	5					
		music i	11	you are listening	5					
		in this	11	have small ears	5					
		i've been	11	them for the	5					
		where the	11	used them for	5					
		not good	11	when it was	5					
		falling out	11	it was just	5					
		that goes	11	months after purc	5					
		ear the	11	that is a	5					
		the earbud	11	will no longer	5

		i liked	11	and there is	5					
		month of	11	the other hand	5					
		too bad	11	i was really	5					
		keep them	11	have a problem	5					
		seems to	11	in the case	5					
		your neck	11	the product and	5					
		a short	11	had a pair	5					
		the problem	11	them to my	5					
		feel like	11	not stay on	5					
		a refund	11	on the charger	5					
		as long	11	long as you	5					
		long as	11	is more than	5					

		day i	11	and it doesn't	5					
		was able	11	cut in and	5					
		i still	11	the headphones	5					
		about these	11	while they worke	5					
		for listening	11	the battery was	5					
		don't like	11	my phone i	5					
		but these	11	but i can't	5					
		a better	11	to music and	5					
		would say	11	the cord is	5					
		your head	11	i turn my	5					
		issue with	11	i had a	5					
		my computer	11	goes in and	5					
		or the	11	and out and	5					
		cutting out	11	seemed like a	5					
		worked for	11	you can get	5					
		and off	11	the bluetooth on	5					
		waste your	11	i have no	5					
		the house	10	especially for the	5					
		purchased these	10	some of the	5					
		for what	10	i received a	5					
		would give	10	a little better	5					
		volume up	10	issue is that	5					
		the job	10	headphones hav	5					
		paid for	10	is an issue	5					
		pair but	10	up and down	5					
		very loud	10	these headphone	5					
		while the	10	battery life and	5					
		how to	10	have to say	5					
		get it	10	that goes around	5					
		are on	10	a day and	5					
		and if	10	that hold the	5					
		having to	10	they are great	5					
		on or	10	of the earbuds	5					
		to put	10	that i can	5					
		and there	10	part that goes	5					
		then i	10	quality is great	5					
		a time	10	my ears and	5					
		see if	10	sound is ok	5					
		so it's	10	can hear me	5					
		running or	10	have to be	5					
		the rubber	10	need to be	5

		music or	10	with this product	5					
		with all	10	about 6 months	5					
		head and	10	when my phone	5					
		charge the	10	my ear it	5
