	in half	12	it started to	6	the chair is good	3			
	the hole	12	happy with the	6	of the chair so	3			
	send it	12	back part of	6	this chair is just	3			
	set up	12	attached to the	6	fabric on the seal	3			
	took a	12	a lot more	6	i had to do	3			
	weeks of	12	than this one	6	not a whole lot	3			
	my computer	12	at the bottom	6	the chair i am	3			
	as soon	12	all the screws	6	it hurts my back	3			
	ago and	12	attach the back	6	the chair itself wa	3			
	to just	12	that does not	6	sat down in it	3			
	very hard	12	i don't want	6	to get the screws	3			
	a pain	12	don't want to	6	due to the fact	3			
	looks great	12	the rest of	6	it is a nice	3			
	to last	12	recommend it to	6	the arm rest was	3			
	soon as	12	as long as	6	would not go in	3

	on sale	12	i contacted the	6	chair easy to ass	3			
	won't be	12	my back hurts	6	to get this chair	3			
	thing is	12	chair and i	6	for one of the	3			
	the problem	12	it impossible to	6	a bit of a	3			
	and no	12	to use a	6	stars because of	3			
	then the	12	i sit on	6	was a bit of	3			
	what a	12	spend the extra	6	much of a hassle	3			
	pretty much	12	so i have	6	of a hassle to	3			
	most comfortable	12	when i bought	6	chair was a bit	3			
	a pillow	12	chair that was	6	mesh on the bac	3			
	you like	12	the holes for	6	for more than a	3			
	for one	12	this for my	6	in for more than	3			
	better chair	12	give it a	6	i haven't even ha	3			
	decided to	12	chair together an	6	one of the chairs	3			
	like sitting	12	if you sit	6	a different chair t	3			
	i'm sitting	12	if it was	6	the assembly of t	3			
	am a	12	lower back supp	6	assembly of the c	3			
	not too	12	chair is really	6	for a chair that	3			
	purchased it	12	from the base	6	if you are looking	3			
	it at	12	it the seat	6	it is falling apart	3			
	sort of	12	up with the	6	it felt like it	3			
	cheap chair	12	the chair doesn't	6	in this chair it	3			
	leans to	12	ship it back	6	chair because it	3			
	it should	12	it will hold	6	i first sat down	3			
	i went	12	will hold up	6	it i'm not sure	3			
	and after	12	in it i	6	to get rid of	3			
	if this	12	the height of	6	bottom of the sea	3			
	weight on	12	am going to	6	based on the rev	3			
	can't be	12	from the bottom	6	when i first sat	3			
	about this	12	to make sure	6	comfortable and	3			
	its a	12	chair i was	6	to get used to	3			
	end of	12	looks like it	6	to be the most	3			
	the cheap	12	weight on the	6	a few months bu	3			
	out to	12	the chair works	6	has to be the	3			
	it lasted	12	for this price	6	i bought the chai	3			
	on top	12	the way back	6	i wouldn't recom	3			
	but my	12	nice but it	6	in the chair but	3			
	chair which	12	from the seat	6	less than 6 mont	3			
	it can	12	but this is	6	makes you feel li	3			
	period of	12	of daily use	6	buy this chair if	3			
	height of	12	not comfortable a	6	i bought it i	3			
	not line	12	that will last	6	sitting on a wood	3			
	the lever	12	the floor and	6	get a new one	3			
	it's been	12	was a bit	6	and the back of	3			
	except for	12	one of them	6	the bolts in the	3			

	chair without	12	is no way	6	for the fact that	3				
	a short	12	but that is	6	more padding in	3				
	rest is	12	better than the	6	a little more pads	3				
	it could	12	attach the arms	6	it for an hour	3				
	having to	12	the chair on	6	for an hour i	3				
	forward and	12	and if you	6	use a little more	3				
	i saw	12	at all the	6	of the cushion is	3				
	was comfortable	12	with this one	6	bought this chair	3				
	end up	12	to return the	6	could use a little	3				
	about 2	12	sitting on wood	6	in the seat i	3				
	like that	12	the chair with	6	in it for a	3				
	the gas	12	the part where	6	of the chair as	3				
	been using	12	did not have	6	and back of the	3				
	worth it	12	i am sitting	6	came with a brok	3				
	after i	12	a big guy	6	it's a hassle to	3				
	i weigh	12	this chair on	6	a hassle to return	3				
	time it	11	of a hassle	6	impossible to get	3				
	for now	11	a way to	6	a higher quality c	3				
	is only	11	i was not	6	2 months of use	3				
	chair doesn't	11	i'm stuck with	6	this chair was no	3				
	have only	11	after 3 months	6	one of the bolts	3				
	and got	11	needed a chair	6	chair itself is dec	3				
	has already	11	holes on the	6	to get the chair	3				
	to fix	11	chair when i	6	for more than an	3				
	looked like	11	down in it	6	more than an hour	3				
	would like	11	to the side	6	holes on the bott	3				
	to this	11	this thing is	6	so i'm stuck with	3				
	using the	11	part of my	6	price this is a	3				
	to help	11	the quality is	6	the price this is	3				
	my feet	11	i had high	6	after assembling	3				
	arms on	11	to assemble i	6	had the same iss	3				
	cushion to	11	be an issue	6	it feels like i'm	3				
	back was	11	had high hopes	6	in my home office	3				
	felt like	11	the chair a	6	this to replace a	3				
	all that	11	holding the back	6	put it together i	3				
	who is	11	of the screw	6	i can tell you	3				
	too small	11	is way too	6	to return the chai	3				
	give it	11	love this chair	6	that holds the me	3				
	the foam	11	months and it	6	price point this ch	3				
	and put	11	the seat at	6	it in my home	3				
	chair again	11	it on the	6	got a better chair	3				
	a full	11	on the top	6	this chair for long	3				
	time in	11	chair to be	6	and got a better	3				
	that holds	11	to fall apart	6	looking for a repl	3				
	it works	11	couple of weeks	6	and the seat is	3				
	at work	11	a good value	6	would have sent	3				
	bought the	11	hard to get	6	have sent it back	3				
	that said	11	the other side	6	arm rests are not	3				
	even a	11	thought this chair	6	won't be able to	3				
	is quite	11	if you put	6	i sit up straight	3				
	padding and	11	on one side	6	sitting at a desk	3				
	of your	11	it when i	6	the seat does not	3				
	made of	11	office chair this	6	you're going to b	3				
	issue with	11	it as a	6	i would recomme	3				
	is completely	11	the seat that	6	using it for a	3				
	back part	11	chair so i	6	not very comforta	3				
	however it	11	a pain to	6	bought this for m	3				
	way i	11	with it is	6	of the seat and	3				
	together it	11	chair i had	6	chair at this price	3				
	the packaging	11	this chair after	6	the back is a	3				
	me but	11	it has been	6	the edge of the	3				
	the design	11	was looking for	6	get used to it	3				
	to look	11	amount of time	6	but i have to	3				
	chair now	11	is easy to	6	is that the chair	3				
	worn out	11	not sure if	6	a nice chair for	3				
	faux leather	11	be a great	6	nice chair for the	3				
	but that	11	the only thing	6	i am not sure	3				

	chair you	11	about this chair	6	not sure how long	3				
	sitting for	11	front of the	6	the seat is comfy	3				
	not going	11	is not adjustable	6	in this price range	3				
	a way	11	after a month	6	i have is that	3				
	the two	11	low enough for	6	have had the cha	3				
	day i	11	came with a	6	issue i have is	3				
	very small	11	is the worst	6	i do like the	3				
	got the	11	it and the	6	quality seems to	3				
	allen wrench	11	you're looking for	6	when i first purch	3				
	but is	11	but it does	6	it two stars becau	3				
	not adjustable	11	and does not	6	after a few days	3				
	the hard	11	chair but the	6	with good back s	3				
	just not	11	is falling apart	6	is very thin and	3				
	from this	11	in the same	6	this chair it is	3				
	i'll be	11	the seat padding	6	chair it is comfort	3				
	can't sit	11	after an hour	6	might be an issue	3				
	screws and	11	good for the	6	is that the arm	3				
	rather than	11	it is now	6	you have to sit	3				
	close to	11	so the chair	6	office chair it is	3				
	the part	11	the price the	6	is extremely unco	3				
	together but	11	the price point	6	i lean back i	3				
	quality and	11	back of my	6	the chair is that	3				
	other reviews	11	is supposed to	6	the chair was ver	3				
	is because	11	very uncomfortab	6	it 2 stars because	3				
	base is	11	if you're looking	6	is not comfortable	3				
	apart and	11	while it lasted	6	it is not comforta	3				
	daily use	11	arm rests and	6	you pay for it	3				
	work for	10	it for an	6	i was hoping for	3				
	a real	10	in the right	6	after a month of	3				
	it only	10	it does not	6	at a time i	3				
	very nice	10	chair unless you	6	take it apart and	3				
	the manufacturer	10	piece of plastic	6	when i sit on	3				
	than this	10	the sides of	6	have to take it	3				
	but still	10	the whole chair	6	that the lumbar s	3				
	time the	10	was a pain	6	on a hard surface	3				
	the lower	10	for a year	6	you are sitting on	3				
	seat i	10	i was hoping	6	of sitting in it	3				
	we have	10	cushion in the	6	feel like you are	3				
	two months	10	the seat bottom	6	cushion is very tr	3				
	chair feels	10	the box i	6	nice but it is	3				
	you might	10	i had this	6	go in all the	3				
	didn't want	10	used this chair	6	in all the way	3				
	back at	10	and i had	6	seat cushion is vi	3				
	only one	10	just a few	6	in this chair is	3				
	price range	10	arms on the	6	and the lumbar s	3				
	were not	10	and is not	6	on it for more	3				
	back broke	10	price it is	6	i should have spe	3				
	on me	10	appears to be	6	back and the cha	3				
	the frame	10	out of it	6	the price if you	3				
	leans back	10	of the arms	6	the seat is hard	3				
	far back	10	so it is	6	chair and easy to	3				
	into my	10	as well as	6	chair i use it	3				
	from amazon	10	chair was very	6	let me start off	3				
	lbs and	10	length of time	6	me start off by	3				
	will probably	10	it's a nice	6	start off by saying	3				
	don't like	10	should have bee	6	the back to the	3				
	other chairs	10	i had purchased	6	a great chair i	3				
	is what	10	a week or	6	this chair unless	3				
	of that	10	this price point	6	purchased two o	3				
	high back	10	as much as	6	extended periods	3				
	the entire	10	chair that will	6	for extended peri	3				
	think i	10	about 6 months	6	down in the chair	3				
	is definitely	10	it i am	6	the floor and the	3				
	months ago	10	chair at a	6	and the chair wa	3				
	you would	10	it and it	6	to get it to	3				
	position the	10	for my back	6	but it is not	3				
	then it	10	i guess you	6	a couple of years	3				

	about 3	10	get it to	5	months of daily u	3				
	cushion and	10	to rest your	5	for the price how	3				
	right side	10	very small and	5	is a piece of	3				
	it broke	10	the right and	5	it for less than	3				
	reason i	10	is on the	5	great chair for the	3				
	uncomfortable th	10	it appears that	5	the seat is already	3				
	and don't	10	it leans back	5	in one of the	3				
	every day	10	does not sit	5	be a great chair	3				
	months now	10	back in it	5	screws for the arm	3				
	i spend	10	enough for the	5	it's like sitting on	3				
	more expensive	10	i purchased the	5	a child or very	3				
	arrived with	10	and i feel	5	by cheap i mean	3				
	your butt	10	into the seat	5	leaning to one side	3				
	the end	10	but i guess	5	to one side and	3				
	me in	10	back but i	5	i can't lean back	3				
	price it	10	the chair comfort	5	a better chair than	3				
	it felt	10	very uncomfortable	5	it put together it	3				
	back chair	10	not that comfortable	5	some of the screws	3				
	long time	10	i didn't think	5	for a child or	3				
	bit more	10	about 3 months	5	seems to have been	3				
	hurts my	10	for me i	5	i'm a small guy	3				
	keep the	10	found that the	5	now the chair is	3				
	back up	10	i found that	5	it is not worth	3				
	short and	10	is pretty good	5	is not worth it	3				
	and forth	10	on the ground	5	you pay for chair	3				
	you don't	10	however it is	5	as far as it	3				
	i liked	10	is starting to	5	when you try to	3				
	last a	10	against the chair	5	looks like it was	3				
	my head	10	chair is well	5	the chair is now	3				
	assemble it	10	than a few	5	after just 2 months	3				
	price the	10	too far back	5	just 2 months of	3				
	broke in	10	will be returning	5	would not buy thi	3				
	but as	10	the screws that	5	overall the chair is	3				
	in one	10	i think i	5	purchased this chair	3				
	was so	10	hurts my back	5	makes it a bit	3				
	i know	10	of the base	5	to be using it	3				
	you're sitting	10	little over a	5	for a new one	3				
	wouldn't recomm	10	does not fit	5	to attach the armrests	3				
	for something	10	chair for long	5	arms to the seat	3				
	legs and	10	chair looks nice	5	going to be using	3				
	in i	10	i have never	5	than a year of	3				
	box and	10	for my son	5	this is a decent	3				
	months later	10	all the parts	5	not line up with	3				
	is about	10	and the armrests	5	attached to the seat	3				
	well i	10	nice looking chair	5	send me a new	3				
	chair just	10	chair in a	5	i've owned this chair	3				
	chair very	10	the amount of	5	be fine for you	3				
	and even	10	of my back	5	time in this chair	3				
	hole in	10	is well made	5	spending a lot of	3				
	as if	10	from the back	5	i got it and	3				
	that comfortable	10	it back but	5	the holes did not	3				
	chair since	10	and you can	5	was very difficult	3				
	the mechanism	10	it is ok	5	not line up and	3				
	should not	10	and decided to	5	the chair i was	3				
	sent me	10	for big and	5	do not line up	3				
	with no	10	to keep the	5	too small for the	3				
	chair started	10	comfortable for the	5	holes for the screws	3				
	see if	10	that i could	5	of the holes for	3				
	put a	10	it's very comfortable	5	a year and a	3				
	bought two	10	there was a	5	year and a half	3				
	that are	10	of sitting in	5	the fabric on the	3				
	arms of	10	to assemble this	5	of the chair starts	3				
	just the	10	for my home	5	the chair started	3				
	cushion for	10	hours of sitting	5	now i have to	3				
	back into	10	noticed that the	5	matter how much	3				
	right out	10	lumbar support i	5	will not go in	3				
	it from	10	easy enough to	5	to screw in the	3				

		bad but	10	received the chair	5	i had to go	3				
		this point	10	i got the	5	i have had to	3				
		two stars	10	arms to the	5	and i'm not a	3				
		comfortable it	10	and there is	5	a month of use	3				
		stay away	10	and i only	5	than a year after	3				
		not stay	10	i've only had	5	if you lean back	3				
		stay in	10	2 weeks of	5	it was supposed	3				
		low for	10	you can't lean	5	on the chair i	3				
		i suppose	10	is too small	5	the chair i receive	3				
		more padding	10	i only weigh	5	on the chair is	3				
		is in	10	this chair not	5	for short term sitt	3				
		you feel	10	within a month	5	if you need a	3				
		before i	10	from home and	5	used the chair fo	3				
		and easy	10	in my office	5	i got it the	3				
		for some	10	thought it would	5	buy this chair aga	3				
		unfortunately the	10	a couple months	5	hole in the back	3				
		return the	10	but i thought	5	to say the least	3				
		but its	10	couple of months	5	this chair is it	3				
		in your	10	more than the	5	the chair has alre	3				
		and seat	10	and now it	5	the chair now lea	3				
		a time	10	not the chair	5	in the market for	3				
		is way	10	but for the	5	i should have kno	3				
		front of	10	2 months and	5	the extra money	3				
		for your	10	sit up straight	5	you want a chair	3				
				for a refund	5	it's not going to	3				
				don't waste your	5	chair is made ou	3				
				too low and	5	is supposed to be	3				
				together and it	5	buy a new chair	3				
				back is not	5	very comfortable	3				
				at least a	5	first time i have	3				
				away from this	5	the chair would b	3				
				this product and	5	on the seat has	3				
				the price and	5	chair when i first	3				
				and it took	5	is not the best	3				
				chair arrived with	5	about a year and	3				
				the chair arrived	5	that is supposed	3				
				at all and	5	to keep the chair	3				
				happy with this	5	that i had to	3				
				i was very	5	in it and it	3				
				the entire chair	5	to put together th	3				
				about it i	5	is well made and	3				
				and has a	5	for a few weeks	3				
				should not be	5	of the chair that	3				
				it was fine	5	it was very easy	3				
				have had it	5	if you are over	3				
				in the arm	5	had it 6 months	3				
				spend a lot	5	the chair and i'm	3				
				way too low	5	i have to sit	3				
				want to spend	5	but i would say	3				
				have been using	5	a chair that will	3				
				it does have	5	chair that will last	3				
				small and not	5	last as long as	3				
				the fake leather	5	allows the chair t	3				
				is a very	5	was looking for a	3				
				it can be	5	frame of the chai	3				
				be a good	5	so i have to	3				
				me and my	5	chair is extremely	3				
				you try to	5	the fact that the	3				
				chair is good	5	at all the seat	3				
				an ok chair	5	have to buy a	3				
				chair was great	5	so i had to	3				
				for me the	5	to the right and	3				
				a bunch of	5	would say it is	3				
				for my husband	5	chair i bought thi	3				
				is more comforta	5	off from the botto	3				
				is good for	5	spend the extra r	3				
				it is more	5	to spend the extr	3				

			i really wanted	5 like you are sittin	3			
			i wish the	5 happy with this p	3			
			would not go	5 a lot of use	3			
			your money and	5 a very comfortab	3			
			be a little	5 chair while it laste	3

			and i find	5 after two weeks o	3			
			it's not the	5 i lean back it	3			
			an okay chair	5 the chair so i	3			
			chair with the	5 loose no matter h	3			
			a whole lot	5 the armrests are	3			
			about a week	5 not hard to asser	3			
			3 stars because	5 the chair i have	3

			get the screws	5 want to return it	3			
			the arms on	5 a few months and	3			
			it took a	5 in the middle of	3			
			to lean forward	5 is already startin	3			
			was going to	5 the seat is really	3			
			felt like it	5 i had to buy	3			
			chair to replace	5 it's a nice chair	3			
			like you're sitting	5 this chair is the	3			
			is why i	5 it would be nice	3			
			which is why	5 on top of the	3			
			except for the	5 you pay for but	3			
			at your desk	5 this chair becaus	3			
			but it's a	5 issue with this ch	3

			get used to	5 the front half of	3			
			on sale for	5 front half of the	3			
			if you plan	5 half of the seat	3			
			i have tried	5 is very comfortab	3			
			out of this	5 very difficult to pu	3

			i wouldn't recom	5 it the chair is	3

			back support the	5 if you put any	3			
			not designed for	5 when i sit down	3			
			it in my	5 purchase this cha	3

			it is extremely	5 for someone whc	3			
			i bought two	5 it back in the	3			
			i would recomme	5 you have to lean	3

			i thought this	5 got this chair bec	3

			for short periods	5	on each side of	3				
			the base is	5	each side of the	3

			lean back i	5	it doesn't lean ba	3				
			like it is	5	i'm a big guy	3				
			hours at a	5	have been better	3

			take it apart	5						
			chair looks great	5						
			quite a bit	5						
			side to side	5

			but i am	5						
			the money i	5						
			the price you	5

			this price range	5						
			this chair unless	5						
			most of the	5

			but there are	5						
			there are some	5

			it is so	5						
			couple of hours	5						
			high hopes for	5						
			for some reason	5						
			has very little	5						
			not as comfortable	5						
			overall the chair	5						
			hard as a	5						
			as a rock	5						
			to put a	5						
			i thought the	5						
			not a very	5						
			had to go	5						
			on it for	5						
			is great but	5						

the only reason	5
be using it	5
very cheaply made	5
for the most	5
the most part	5
are going to	5
would be fine	5
perfect for my	5
the seat plate	5
this chair at	5
i have purchased	5
together was a	5
i end up	5
than that it	5
hard to assemble	5
it may be	5
back it will	5
it did not	5
for tall people	5
also the back	5
it will not	5
comfortable but i	5
me in the	5
looked like it	5
at the front	5
it was just	5
the left armrest	5
the only one	5
to send me	5
the screws for	5
screws for the	5
i even tried	5
if you need	5
make it work	5
it put together	5
in my opinion	5
is not worth	5
it to be	5
too small for	5
the screws to	5
for the screws	5
have to replace	5
money for a	5
month of use	5
lean back at	5
i was disappointe	5
the screws in	5
me a new	5
what i paid	5
have to keep	5
rest of the	5
i was able	5
the chair were	5
can sit in	5
i guess i	5
first got it	5
chair that is	5
a good buy	5
line up correctly	5
holes in the	5
my chair has	5
is made out	5
matter how much	5
on the left	5
to screw in	5
chair i received	5
does not stay	5

the chair would	5
it but after	5
to return this	5
when i got	5
a seat cushion	5
seems like a	5
very comfortable	5
comfortable but t	5
soon as i	5
easy to follow	5
put together the	5
and had to	5
the chair from	5
is no longer	5
i am very	5
chair a few	5
that the back	5
after a while	5
back does not	5
have to go	5
one of those	5
this one will	5
in order to	5
a metal bar	5
say it is	5
to the lowest	5
you can feel	5
spend a little	5
a few more	5
the gas cylinder	5
of the material	5
which was a	5
i am going	5
the seat pad	5
i put it	5
but because of	5
the extra money	5
lean back it	5
the back cushion	5
does not work	5
from home so	5
this chair my	5
because of this	5
it on sale	5
it as it	5
instead of the	5
on both sides	5
for a little	5

adjustable	22 and off	20 but if you	9 we have had this	4			
making	22 for this	20 goes between th	8 it would have bee	4			
yet	22 it very	20 that it was	8 and easy to asse	4			
whole	22 very small	20 10 month old	8 is that the tray	4			
dining	22 takes up	20 is hard to	8 so i had to	4			
pull	22 set up	20 the table and	8 and one of the	4			
everything	22 months and	19 i was looking	8 i do like that	4			
ended	22 so the	19 of this high	8 out of the way	4			

position	21 use the	19 pain to clean	8 tray on and off	4			
screws	21 is easy	19 i wanted to	8 i do not like	4			
couldn't	21 clean the	19 some of the	8 really excited abo	4

head	21 holes are	19 will be returning	8 slide on and off	4			
doesn't	21 and was	19 tray and the	8 to move the chair	4			
light	21 are very	19 in my opinion	8 you need two ha	4			
gift	21 very easy	19 which is a	8 the wheels on thi	4			
barely	21 she is	19 hard to clean	8 my biggest comp	4			
concept	21 very well	19 chair itself is	8 not a fan of	4			
folded	20 and he	18 as far as	8 not sturdy at all	4			
removed	20 my husband	18 i think this	8 extra money and	4			
easier	20 chair to	18 was a little	8 to get on and	4			
store	20 small and	18 send it back	8 i wouldn't buy thi	4			
arrived	20 under the	18 to take it	8 high chair is grea	4			
excited	20 other than	18 to take the	8 to get the tray	4			
feels	20 too much	18 my baby is	8 in the chair and	4			
smaller	20 it seems	18 was a bit	8 you have to uns	4			
less	20 and we	18 i gave it	8 my 8 month old	4			
screw	20 clean it	18 takes up a	8 too big for it	4			
look	20 when the	18 up a lot	8 but if you have	4			
longer	19 makes it	18 the first time	8 a fan of this	4			
rest	19 not the	18 the straps and	8 does not stay on	4			
fact	19 your child	18 my baby in	8 i don't like is	4			
replacement	19 is just	18 for my son	8 fisher price space	4			
wipe	19 worth the	18 hard to get	8 it is a little	4			
cleaning	19 as well	18 to put the	8 the fabric on the	4			
convenient	19 top of	18 on this chair	8 not worth the pri	4			
eat	19 a better	18 cheaply made ar	8 i purchased this t	4			
foot	19 it folds	18 down in the	8 purchased this hi	4			
else	19 one i	18 two hands to	8 with the high cha	4			
everyday	19 piece of	17 space saver high	8 in the leg holes	4			
large	19 this would	17 my daughter is	8 but the leg holes	4			
falling	18 a gift	17 it was not	8 my 2 year old	3			
constantly	18 don't like	17 the whole chair	7 high chair it was	3			
completely	18 we are	17 it and i	7 this product and i	3			
ends	18 about it	17 high chair as	7 this is a good	3			
felt	18 it works	17 if the tray	7 the seat and tray	3			
week	18 so much	17 i feel like	7 it was hard to	3			
close	18 for me	17 of the back	7 to the booster se	3			
portion	18 time i	17 this chair i	7 not happy with th	3			
opened	18 it had	17 bought this chair	7 a high chair with	3			
10	18 small for	17 and i am	7 i purchased this f	3			
color	18 tray does	17 looking for a	7 purchased this fo	3			
otherwise	18 chair this	17 at all i	7 and easy to clear	3			
husband	18 good for	17 my 6 month	7 would not buy it	3			
weight	18 fisher price	17 my 10 month	7 not buy it again	3			
model	18 no way	17 to assemble but	7 now i need to	3			
brand	17 remove the	17 this chair has	7 to pull on and	3			
loose	17 i guess	17 the back is	7 for a couple of	3			
don't	17 it could	17 was looking for	7 a couple of days	3			
fisher	17 old and	17 i put my	7 when i put my	3			
wobbly	17 folds up	17 is so small	7 i put my son	3			
wide	17 seat back	17 was going to	7 put my son in	3			
issues	17 not sturdy	17 to the tray	7 i bought this high	3			
ever	17 i put	17 a booster seat	7 would be a good	3			
inside	17 not sure	17 chair it was	7 son in the chair	3			
guess	17 buy this	16 its easy to	7 on the tray and	3			
fairly	17 too big	16 it is too	7 the chair can be	3			
features	17 back to	16 is that it	7 about this high ch	3			
know	17 you are	16 with the tray	7 for my 6 month	3			
designed	17 when my	16 that goes betwee	7 a different high cl	3			
break	17 a booster	16 to assemble the	7 it folds up for	3			
annoying	17 get it	16 the wheels are	7 folds up for easy	3			

immediately	17 and get	16 does not fit	7 and because of ti	3			
feet	17 it looks	16 seat is not	7 but i do like	3			
flat	17 pain to	16 it is also	7 it was a gift	3			
especially	17 not for	16 was able to	7 pull on and off	3			
deal	17 very flimsy	16 easy to move	7 the straps do not	3			
regular	17 get a	16 to get out	7 so i have to	3			
messy	17 way too	16 chair does not	7 to move the tray	3			
dangerous	16 to fold	16 lot of space	7 baby in and out	3			
cloth	16 to pull	16 and can be	7 with one hand an	3			
roll	16 ends up	16 at the table	7 used it as a	3			
children	16 all over	16 like that it	7 i have to put	3			
days	16 you need	16 my husband and	7 have to put a	3			
option	16 move the	16 will have to	7 to put a pillow	3			
slides	16 recommend this	16 i like this	7 what you pay for!	3			
angle	16 make it	16 chair is ok	7 as a high chair	3			
sliding	16 is also	16 high chair with	7 a high chair for	3			
reason	16 is made	16 difficult to put	7 have to remove t	3			
missing	16 think it	16 chair is that	7 it doesn't fold up	3			
dirty	16 we bought	15 move the chair	7 we had to put	3			
waste	16 it so	15 is cheaply made	7 that this high cha	3			
short	16 very difficult	15 i think it	7 in the high chair	3			
cut	16 attached to	15 we ended up	7 i do not recomme	3			
attach	16 wanted to	15 does not have	7 be a great produ	3			
poor	16 and chair	15 fit in it	7 which is why i	3			
crevices	16 part of	15 the first one	7 that this chair is	3			
kind	15 on my	15 this highchair is	7 the tray is small	3			
poorly	15 and there	15 to the base	7 way to remove th	3			
coming	15 my grandson	15 of the wheels	7 put the tray on	3			
huge	15 and that	15 that the chair	7 i thought i would	3			
belts	15 a big	15 easy to fold	7 the fact that the	3			
strapped	15 i feel	15 if i could	7 for the price but	3			
older	15 very cheaply	15 needs to be	7 the chair with the	3			
washing	15 a couple	15 i was really	7 i bought this beca	3			
decent	15 is ok	15 put it together	7 in the butt to	3			
leans	15 the fact	15 when trying to	7 it and it was	3			
horrible	15 not like	15 in it i	7 had to take the	3			
unfortunately	15 was so	15 chair with a	7 for the high chair	3			
review	15 does the	15 high chair becau	7 not easy to clean	3			
full	15 quality of	15 a chair that	7 not as easy to	3			
giving	15 there was	15 of the legs	7 was too small for	3			
child's	15 keep it	15 the price is	7 so i can't even	3			
damaged	15 take the	15 spend a little	7 high chair i woul	3			
bent	15 the side	15 bottom of the	7 for the price it's	3			
gave	14 had been	15 the bottom of	7 high chair this hi	3			
underneath	14 little more	15 this thing is	7 i was very disapp	3			
terrible	14 around the	15 money and get	7 this is a decent	3			
hole	14 it just	15 is a good	7 it is very easy	3			
perfect	14 it because	15 it back and	7 will be returning i	3			
hoping	14 it off	14 the one i	7 an okay high cha	3			
shoulder	14 the money	14 chair is very	7 as a gift and	3			
larger	14 me to	14 chair and it	7 is attached to the	3			
belt	14 looks like	14 bought this high	7 about it is that	3			
feed	14 when he	14 you need to	7 i love the fact	3			
holding	14 6 months	14 the way it	7 love the fact that	3			
except	14 not have	14 used as a	7 my 9 month old	3			
onto	14 cheap plastic	14 the job done	7 the fact that this	3			
unstable	14 that goes	14 the back and	7 do not like the	3			
heavy	14 and you	14 a table and	7 i like this high	3			
against	14 this to	14 it but i	7 while the chair is	3			
although	14 i also	14 i was so	7 i like the high	3			
marks	14 legs are	14 all the time	7 to set up and	3			
purpose	14 the padding	14 using it for	7 i thought it would	3			
middle	14 the buckle	14 is great for	6 i would have read	3			
next	14 tray was	14 to get a	6 i just opened the	3			
sides	14 love this	14 but i was	6 as far as the	3			
daily	14 sturdy and	14 hard to put	6 a lot of room	3

	to make	10 with one hand	5					
	due to	10 a few uses	5

	well and	10 to close and	5					
	comfortable for	10 is going to	5					
	with one	10 does the job	5					
	getting stuck	10 stroller did not	5					
	was looking	10 like this stroller	5					
	waste of	10 don't have to	5					
	stroller itself	10 difficult to steer	5					
	i should	10 is that it	5

designed	11 it because	10 it on a	5				
port	11 is just	10 my laptop and	5				
high	11 water bottles	10 disappointed with	5				
kind	11 a water	10 the one i	5				
drawstring	11 color is	10 of the pack	5

terrible	11 and when	10 too small and	5				
rip	11 couple of	10 was too small	5				
regular	11 the laptop	10 looks nice but	5				
compact	11 noticed that	10 really wanted to	5				
backpacking	11 i also	10 i really wanted	5				
larger	11 not work	10 i do like	5				
anyone	10 5 stars	10 of my trip	5				
loose	10 i noticed	10 i was very	5				
purpose	10 came with	10 was very disapp	5				
cord	10 light and	10 and now the	5				
annoying	10 purchased this	10 to use as	5				
useless	10 to make	10 and one of	5				
nylon	10 for school	10 i bought the	5				
set	10 and there	10 loved this backp	5				
cute	10 and will	10 expect it to	5				
waste	10 main compartme	10 while i was	5				
ever	10 poor quality	10 to get it	5				
why	10 for an	10 the zipper gets	5				
photos	10 things in	10 zipper gets stuck	5				
half	10 broke and	10 the strap broke	5				
left	10 to do	10 bag but the	5				

place	10 all my	10 bought this to	5				
low	10 backpack was	10 bottle holders on	5				
gave	10 and my	10 for the first	5				
version	10 the one	10 this bag to	5				
literally	10 stuck and	10 for a few	5				
vacation	10 how to	10 and i was	5				
replacement	10 the drawstring	10 too small for	5				
hoping	10 the interior	10 bag for the	5				
expect	10 and now	10 as a day	5				
although	10 nice but	10 a day pack	5				
case	10 coming apart	10 it doesn't have	5				
pull	10 i don't	10 but there is	5				
undone	10 nice and	10 of my things	5				
soon	10 very light	10 caught in the	5

daypack	10 it started	10 of use the	5				
fall	10 the seller	10 all of the	5				
	after using	10 not worth the	5				
	the seam	10 it so i	5				
	i can't	10 and there is	5				
	now i	10 and will not	5

	dog seems	10	hassle of returnir	5				
	washer and	10	the floor the	5				
	some of	10	on one side	5				
	pieces of	10	one side of	5				
	gave it	10	my money back	5				
	inside the	10	not going to	5				
	it we	10	have a large	5				
	dog doesn't	10	within a week	5				
	she has	10	quite a bit	5				
	i need	10	have been a	5				
	the trash	10	feel the floor	5				
	is more	10	i was disappointe	5				
	for me	10	nice and fluffy	5				
	not be	10	scratched a hole	5				
	of foam	10	durable at all	5				
	the pictures	10	so i have	5				
	him to	10	don't know why	5				
	bed which	10	loved it but	5				
	it within	10	to return this	5				
	dogs don't	10	holes in it	5				
	far as	10	nothing like the	5				
	has already	10	of the crate	5				
	how it	10	bed is soft	5				
	that he	10	my dog tore	5				
	to hold	10	had to wash	5				
	it apart	10	is a little	5				
	as far	10	it but the	5				
	supposed to	10	and does not	5				
	he had	10	go to the	5				
	so we	10	very flimsy and	5				
	put the	10	we bought this	5				
	bed if	10	my dog does	5				
	at this	10	and the seam	5				
	one and	10	bed which is	5				
	look at	10	about a week	5				
	happy with	10	to buy a	5				
	it too	10	with this purchas	5				
	returned it	10	an older dog	5				
	the fact	10	a great bed	5				
	so it's	10	nice but the	5				
	it because	10	the cover and	5				
	the tag	10	to keep it	5				
	for some	10	my dog seems	5				
	move it	10	his head on	5				
	is thin	10	fabric on the	5				
	money i	10	slept on it	5				
	sure if	10	for some reason	5				
	had no	10	much thinner tha	5				
	much padding	10	after a couple	5				
	two days	10	use it i	5				
	got a	10	dog sleeps on	5				
	to this	10	is not very	5				
	i suppose	10	my dog to	5				
	that will	10	in the dryer	5				
	time and	10	on the hardwood	5				
	she would	10	months of use	5				

	my money	10	and the foam	5				
	stand up	10	sleep on the	5				
	beds that	10	up on the	5				
	quality and	10	but the cover	5				
	the lack	10	than a few	5				
	might be	10	the fabric on	5				
	more for	10	i will try	5				
	don't think	10	don't waste your	5				
	to come	10	size of this	5				
	thought this	10	my dog didn't	5				
	very comfortable	10	on it to	5				
	and get	10	loved this bed	5				
	but he	10	for her to	5				
	couple months	10	i threw it	5				
	loves this	10	threw it in	5				
	seemed to	10	dog did not	5				
	price was	10	couple of months	5				
	down the	10	i ordered this	5				
	so she	10	return it but	5				
	it's not	10	is more of	5				
	cushion is	10	dog bed for	5				
	it it's	10	on it it	5				
	our dogs	10	should have been	5				
	thing is	10	so i bought	5				
	beds for	10	can see the	5				
	about this	10	this bed in	5				
	a small	10	it was just	5				
	it she	10	i really wanted	5				
	the blue	10	on the side	5				
	you want	10	to lie down	5				
	to order	10	over the house	5				
	not for	10	to see if	5				
	old puppy	10	so i don't	5				
	however it	10	how long it	5
