	not recommend	10	at all as	5				
	one side	10	when i hung	5				
	next to	10	material is a	5				
	like i	10	the product i	5

mix	14	more sturdy	14 to push it	6 right out of it	3		
paint	14	on top	14 not a good	6 a complete waste	3		
except	14	to chew	14 a dog that	6 and he figured ou	3		
reason	14	if they	14 i am very	6 he figured out ho	3		
otherwise	14	to secure	14 it at all	6 i think it would	3		
later	14	pound dog	14 i thought i	6 he is able to	3		
onto	14	also the	14 and out of	6 a pain to set	3

falling	13	exercise pen	14	because it is	6	to lock the door	3		
mini	13	i came	14	have to use	6	i thought this was	3

finally	12	it at	12	was no way	5	if your puppy is	3		
connect	12	it if	12	move the pen	5	to unzip the door	3		
i'm	12	it took	12	for them to	5	i wish it had	3		

next	12	when they	12	a great pen	5	seemed like a go	3		
tzu	12	when she	12	flimsy and the	5	like a good idea	3		
outdoors	12	something to	12	big enough to	5	able to knock it	3		
middle	12	the rods	12	keep him in	5	on top of the	3		
artist	12	your money	12	worth the money	5	the zip ties that	3

tip	11	this cage	12	that i have	5				
entire	11	which i	12	this is good	5				
began	11	can climb	12	to the ground	5				
mind	11	now i	12	can move it	5				
there's	11	the hardware	12	very easily and	5				
cap	11	i can't	12	at all i	5				
matter	11	not sure	12	of the cage	5				
it!	11	pain to	12	kind of flimsy	5				
wee	11	to escape	12	the middle of	5				
immediately	11	the small	12	middle of the	5				
older	11	waste your	12	enough room for	5				
waterproof	11	makes it	12	are able to	5				
straight	11	thought this	12	the first one	5				
chewing	11	clips to	12	of it i	5				
star	11	the job	12	to play in	5				
doors	11	room to	12	use this pen	5				
horrible	11	have it	12	and is very	5				
expect	11	climbed out	12	it works well	5				
sections	11	by a	12	i had hoped	5				
wood	11	it arrived	12	they can easily	5				
cause	11	bought a	12	send it back	5				
tie	11	should have	12	it doesn't have	5				
square	11	a different	12	doesn't have a	5				
edges	11	put together	12	of the room	5				
folds	11	keep my	12	zip ties to	5				
shih	11	needs to	12	a matter of	5				
duty	11	i tried	12	i set up	5				
plenty	11	dog who	12	for my new	5				
ripped	11	escape artist	12	so i can	5				
fix	11	not so	12	first day i	5				
toy	11	to see	12	with the door	5				
luckily	11	and escape	12	old puppy was	5				
:)	10	wish i	12	of the door	5				
climbs	10	not for	12	does not stay	5				
although	10	until i	12	up against the	5				
spot	10	and we	12	in this pen	5				
support	10	push the	12	when i came	5				
described	10	in one	12	my puppy is	5				
takes	10	together i	12	home from work	5				
totally	10	wish it	12	and she was	5				
toys	10	tall enough	12	the living room	5				
lasted	10	it because	12	to keep our	5				
recommended	10	can be	12	the most part	5				
reach	10	work better	12	it will not	5				
deal	10	is made	11	at the top	5				
ferrets	10	and no	11	my dog in	5				
twice	10	one side	11	this product i	5				
excited	10	for them	11	it out of	5				
locks	10	get it	11	of this pen	5				
connecting	10	dog and	11	out so i	5				
huge	10	a hole	11	the box was	5				
brand	10	so the	11	so i bought	5				
option	10	it could	11	a very small	5				
bunnies	10	have had	11	for a few	5				
unattended	10	we had	11	disappointed in th	5				
lightweight	10	to close	11	flimsy and not	5				
alone	10	this will	11	i was looking	5				

happened	10	this i	11	top and the	5				
imagine	10	into a	11	in a few	5				
pin	10	pound puppy	11	for the most	5				
husband	10	through it	11	came home to	5				
worst	10	and flimsy	11	it is made	5				
baby	10	i wouldn't	11	to chew on	5				
ladder	10	it across	11	wish it was	5				
doesn't	10	puppy in	11	first time i	5				
rather	10	the middle	11	i should have	5				
folded	10	shih tzu	11	keep my puppy	5				
learned	10	money on	11	the pen itself	5				
escaped	10	make sure	11	he figured out	5				
problems	10	very good	11	within the first	5				
upside	10	he could	11	it like a	5				
soon	10	they could	11	this was not	5				
fell	10	can move	11	will not stay	5				
replacement	10	so he	11	the first few	5				
climbing	10	the end	11	open the door	5				
accidents	10	in on	11	and it didn't	5				
dachshund	10	your puppy	11	it because it	5				
collapses	10	the fabric	11	11 week old	5				
rusting	10	3 month	11	seemed to be	5				
24"	10	few days	11	enough for my	5				
pictures	10	her to	11	i think it	5				
rusted	10	it from	11	this exercise pen	5				
terrier	10	it into	11	very hard to	5				
advertised	10	when he	11	not hold up	5				
		however i	11	it around and	5				
		him in	11	by the time	5				
		heavy duty	11	that you can	5				
		a day	11	at this point	5				
		to lock	11	this is the	5				
		it looks	11	to make sure	5				
		get a	11	can push it	5				
		the height	11	not sturdy enough	5				
		them in	11	in the mesh	5				
		the little	11	to love this	5				
		worth the	11	i didn't want	5				
		in our	11	and i thought	5				
		living room	11	because my dog	5				
		to fold	11	don't waste your	5				
		is just	11	dog is a	5				
		it or	11	that the door	5				
		i ended	11	week old lab	5				
		the one	11	on top of	5				
		product i	11	in one of	5				
		panels and	11	with the product	5				
		needed to	11	he is a	5				
		my new	11	to keep them	5				
		down the	11	this pen to	5				
		to my	11	do not recommend	5				
		the stakes	11	the panels and	5				
		product for	11	it upside down	5				
		like i	11	to send back	5				
		used the	11	good for a	5				
		under the	11	recommend this	5				
		put her	11	it is good	5				
		down and	11	to move the	5				
		had the	11	on the door	5				
		very thin	11	pen is not	5				
		could have	11	the dog to	5				
		can jump	11	large enough for	5				
		for small	11	all of the	5				
		that this	11	not strong enough	5				
		this and	11	as a fence	5				

	so much	11	not recommend f	5				
	the two	11	which makes it	5				
	the clips	11	the size of	5				
	the corners	10	it all over	5				
	i noticed	10	in the picture	5				
	it just	10	had to put	5				
	the material	10	it so i	5				
	what it	10	so it is	5				
	caught in	10	i have no	5				
	my 2	10	couple of weeks	5				
	much more	10	but when i	5				
	flimsy the	10	after a few	5				
	fold up	10	now i have	5				
	and could	10	around the room	5				
	off and	10	the bottom is	5				
	room and	10	have a very	5				
	my 3	10	unless you have	5				
	the latch	10	i wish i	5				
	will have	10	for me to	5				
	the panel	10	i gave it	5				
	its shape	10	so you can	5				
	decided to	10	is good but	5				
	in his	10	knocked it over	5				
	strong enough	10	keep her in	5				
	time and	10	i love that	5				
	the extra	10	love that it	5				
	some of	10	she is a	5				
	playpen and	10	use it for	5				
	the best	10	too light weight	5				
	not to	10	really wanted to	5				
	itself is	10	and the plastic	5				
	buy a	10	the exercise pen	5				
	new puppy	10	to unzip the	5				
	we purchased	10	at all the	5				
	puppies i	10						
	the cover	10						
	than the	10						
	plenty of	10						
	the kitchen	10						
	and it's	10						
	when it	10						
	and will	10						
	this as	10						
	during the	10						
	move the	10						
	it can	10						
	because my	10						
	without a	10						
	that it's	10						
	the pieces	10						
	like that	10						
	than that	10						
	dog was	10						
	together and	10						
	2 stars	10						
	she can	10						
	while i	10						
	within a	10						
	my 10	10						
	about a	10						
	product and	10						
	up but	10						
	seems to	10						
	using the	10						
	like to	10						

	up against	10						
	so they	10						
	the money	10						
	dog or	10						
	this play	10						
	it this	10						
	lot of	10						
	pen but	10						
	but we	10						
	might be	10						
	dog has	10						
	an escape	10						
	she could	10						
	puppy i	10						
	and close	10						
	not what	10						
	of time	10						
	year old	10						
	litter of	10						
	attach the	10						
	is easy	10						
	she would	10						
	very well	9						
	idea but	9						
	to stay	9						
	something else	9						
	for about	9						
	and has	9						
	seemed like	9						
	and bottom	9						
	as described	9						
	pretty much	9						
	upside down	9						
	think it	9						
	no door	9						
	the dogs	9						
	the horizontal	9						
	inside the	9						
	a top	9						
	chewed through	9						
	the bars	9						
	panels together	9						
	the zip	9						
	because it's	9						
	so you	9						
	gate is	9						
	few hours	9						
	the inside	9						
	without the	9						
	great but	9						
	mesh top	9						
	and just	9						
	buy it	9						
	it not	9						
	lock the	9						
	large enough	9						
	in less	9						
	me a	9						
	time we	9						
	of our	9						
	and now	9						
	over this	9						
	was so	9						
	are very	9						
	back to	9						

	just not	9						
	golden retriever	9						
	went to	9						
	dog i	9						
	lb puppy	9						
	dog that	9						
	good quality	9						
	it when	9						
	when my	9						
	the yard	9						
	is also	9						
	out so	9						
	use for	9						
	keep him	9						
	the place	9						
	very light	9						
	is pretty	9						
	the company	9						
	lab puppy	9						
	a larger	9						
	space for	9						
	to pull	9						
	we just	9						
	pen in	9						
	a safe	9						
	for puppies	9						
	good but	9						
	i feel	9						
	the hinges	9						
	because of	9						
	i also	9						
	great idea	9						
	can push	9						
	plastic pieces	9						
	out that	9						
	big enough	9						
	up i	9						
	i liked	9						
	puppy has	9						
	but she	9						
	was really	9						
	and put	9						
	it worked	9						
	on and	9						
	around and	9						
	not only	9						
	since it	9						
	to just	9						
	a crate	9						
	needed it	9						
	is so	9						
	this purchase	9						
	it might	9						
	to not	9						
	to help	9						
	i've had	9						
	of use	9						
	my cat	9						
	get in	9						
	for indoor	9						
	to this	9						
	flimsy but	9						
	work i	9						
	side and	9						
	pop off	9						

	the idea	9					
	i use	9					
	used this	9					
	to connect	9					
	a waste	9

products	15	and decker	15	to iron i	6	it a few times	3		
designed	15	ended up	15	i think the	6	i have had it	3		
fit	15	didn't work	15	don't waste your	6	leaks out of the	3		
excited	15	it stopped	15	and the water	6	you have to hold	3		
cloth	15	started to	15	i should have	6	have to hold it	3		
leaving	15	i gave	15	i went to	6	when it worked it	3		
soon	15	i wanted	15	auto shut off	6	a lot of ironing	3		
disappointing	15	another one	15	to hold it	6	iron because of the	3		
starts	15	it had	15	had the same	6	purchased this iron	3		
dark	15	quickly and	15	out of water	6	soon as the water	3

kind	15	it off	14	this iron worked	6	i often have to	3		
definitely	15	cord is	14	the cost of	6	i purchased another	3		
start	15	the highest	14	an expensive iron	6	a good iron for	3		
clean	15	after the	14	for me i	6	but the cord is	3		
star	15	seem to	14	a different brand	6	really wanted to buy	3		
inside	15	hold it	14	spits out water	6	but this one has	3		
looks	15	and was	14	that i was	6	hot water out of	3		
otherwise	15	turn on	14	out of a	6	owned it for about	3		
attached	15	happy with	14	i use my	6	for about 9 months	3		
doing	14	makes it	14	use this iron	6	the placement of	3		
larger	14	of time	14	not worth the	6	reached out to me	3		
expect	14	had it	14	and does not	6	of steam button iron	3		
broke	14	used to	14	is hard to	6	of steam and does	3		
couldn't	14	wish i	14	i would give	6	steam and does not	3		
sticky	14	i wish	14	i would expect	6	and does a great job	3		
based	14	a while	14	for the iron	6	this iron does not	3		
adhesive	14	the legs	14	i got a	6	it does not get	3		
able	14	way to	14	i want to	6	doesn't do the job	3		
home	14	ironing it	14	my ironing board	6	ironing a shirt and	3

literally		12 will have	12 expected it to	5			
felt		12 made in	12 with all the	5			
pair		11 there was	12 size of this	5			
else		11 the light	12 from the steam	5			

stable	11	is also	12 iron i was	5				
morning	11	heating up	12 it but i	5				
thinking	11	so you	12 but i would	5				
produces	11	not even	12 the iron has	5				
touch	11	steam function	12 the iron as	5				
easier	11	now it	12 on the iron	5				
directions	11	the worst	12 the clothes i	5

turns	11	such a	12 if you don't	5				
supposed	11	for ironing	12 i can get	5				
features	11	burst of	12 and now i	5				
dropped	11	based on	12 the fabric that	5				
handy	11	disappointed in	12 side of the	5				
plugged	11	than my	12 a while i	5				
there's	11	disappointed with	12 loved this iron	5				
normal	11	up quickly	12 in a while	5				
cool	11	the button	12 and i will	5				
total	11	wait for	12 ironing board for	5				
lasts	11	in this	12 not easy to	5				
	15		11 returned it	12 only used it	5			
color	11	the unit	12 no longer works	5				
wife	11	years ago	12 that does not	5

cleaning	11	was looking	12 have to go	5				
giving	11	has to	12 it didn't work	5				
issues	11	use my	12 after using it	5				
per	11	years and	12 it if you	5				
fairly	11	however the	12 i have not	5				
finally	11	a big	12 because of this	5				
quit	11	is so	12 i love the	5				
outside	10	water tank	12 this little iron	5				
quick	10	no way	12 a different one	5				
store	10	but there	12 pair of pants	5				
brown	10	leaks water	12 iron did not	5				
daily	10	i put	11 and it will	5				
didn't	10	the weight	11 the return window	5				
spend	10	ironing and	11 it does work	5				
turning	10	the floor	11 to be the	5				
type	10	size and	11 it may be	5				
called	10	is nice	11 water in it	5				
absolutely	10	then i	11 iron i bought	5				
tip	10	great iron	11 is supposed to	5				
live	10	to put	11 the way it	5				
b&d	10	kind of	11 i don't think	5				
blue	10	10 minutes	11 get as hot	5				
china	10	of all	11 the steam was	5				
electrical	10	water from	11 does heat up	5				
useless	10	to take	11 it does heat	5				
hoped	10	then the	11 it does have	5				
display	10	having to	11 so that i	5				
period	10	and it's	11 i would like	5

constant	10	an expensive	11 you can get	5				
soleplate	10	until it	11 the way the	5				
sit	10	my previous	11 while i was	5				

fix	10	however i	11	while ironing and	5				
cut	10	to heat	11	out of my	5				
solid	10	i've had	11	that it would	5				
2017	10	water it	11	had it for	5				
base	10	for travel	11	do not like	5				
expecting	10	size of	11	be a great	5				
wide	10	the return	11	the size and	5				
damaged	10	work on	11	turn on and	5				
pouring	10	bottom of	11	than a year	5				
pressed	10	i want	11	iron i am	5				
certain	10	for steam	11	like the size	5				
vents	10	in and	11	iron started leakii	5				
mostly	10	the past	11	but it just	5				
stuck	10	iron works	11	to be able	5				
wrinkle	10	it at	11	am a quilter	5				
glue	10	ironing the	11	lot of water	5				
strips	10	not what	11	i was very	5				
		pair of	11	using it and	5				
		was ironing	11	to return this	5				
		end of	11	this product i	5				
		years i	11	water in the	5				
		is my	11	it as a	5				
		comes out	11	made in germany	5				
		2 months	11	it with water	5				
		come out	11	i turned it	5				
		a small	11	soon as the	5				
		about a	11	rowenta iron i	5				
		can get	11	if it was	5				
		in it	11	this steamer is	5				
		longer than	11	i tried it	5				
		rowenta and	11	at first it	5				
		supposed to	11	below the max	5				
		soon as	11	used it it	5				
		as soon	11	of the rowenta	5				
		i went	11	i used them	5				
		this as	11	to last a	5				
		reviews i	11	the great reviews	5				
		came off	11	had a rowenta	5				
		out i	11	because it was	5				
		though it	11	i purchased the	5				
		a pain	10	hot water out	5				
		i get	10	it worked fine	5				
		was so	10	the job done	5				
		quality of	10	but this one	5				
		great the	10	sure if i	5				
		a huge	10	so i will	5				
		came with	10	and did not	5				
		a quilter	10	what i do	5				
		is extremely	10	a few seconds	5				
		few minutes	10	i thought i	5				
		get wrinkles	10	as long as	5				
		out a	10	but the cord	5				
		even when	10	to heat up	5				
		it spits	10	use it i	5				
		spits out	10	to get out	5				
		the sleeve	10	i don't like	5				
		not to	10	it takes to	5				
		the adhesive	10	for many years	5				
		iron worked	10	this iron does	5				
		it heats	10	i wanted to	5				
		just a	10	with the steam	5				
		was trying	10	this price i	5				
		below the	10	the iron down	5				
		up fast	10	it was the	5				
		excited to	10	on the ironing	5				

	get this	10	and it just	5				
	tried it	10	the water fill	5				
	just not	10	to wait for	5				
	the money	10	sending it back	5				
	few months	10	is that it	5				
	the warranty	10	i liked the	5				
	the tank	10	bought this to	5				
	that this	10	iron i would	5				
	doesn't work	10	iron is not	5				
	there were	10	on top of	5				
	steam to	10	it on a	5				
	year and	10	not heat up	5				
	through the	10	but it also	5				
	shirt and	10	a great job	5				
	may be	10	would not heat	5				
	product i	10	me a new	5				
	it no	10	this iron has	5				
	shuts off	10	of the velcro	5				
	and my	10	a few days	5				
	of clothing	10	does not stick	5				
	have owned	10	not stick to	5				
	smaller than	10	to get this	5				
	was hoping	10	difficult to see	5				
	is in	10	i was so	5				
	thought this	10	this iron on	5				
	but now	10	of these irons	5				
	back and	10	first one i	5				
	has been	10						
	that they	10						
	i cannot	10						
	6 months	10						
	well for	10						
	there are	10						
	put the	10						
	this would	10						
	it may	10						
	don't like	10						
	a better	10						
	sure if	10						
	first use	10						
	the clothing	10						
	one was	10						
	as much	10						
	a steamer	10						
	than that	10						
	over a	10						
	rowenta i	10						
	and has	10						
	past the	10						
	ironing a	10						
	it should	10						
	my wife	10						
	the heat	10						
	also the	10						
	am not	10						
	me to	10						
	not happy	10						
	months i	10						
	away from	10						
	and steam	10						
	the company	9						
	these irons	9						
	needs to	9						
	and doesn't	9						
	so the	9						

	and off	9						
	that would	9						
	do the	9						
	it because	9						
	which i	9						
	but i'm	9						
	i decided	9						
	but for	9						
	one and	9						
	i only	9						
	the plastic	9						
	out and	9						
	steam when	9						
	why i	9						
	reading the	9						
	steam was	9						
	i'm ironing	9						
	after 2	9						
	using this	9						
	gets hot	9						
	returning this	9						
	don't have	9						
	spitting out	9						
	this for	9						
	the one	9						
	keep it	9						
	loved this	9						
	back i	9						
	weight and	9						
	and that	9						
	went to	9						
	fine for	9						
	the cost	9						
	fill line	9						
	but that	9						
	worked well	9						
	maybe i	9						
	this time	9						
	should be	9						
	enough for	9						
	a short	9						
	after only	9						
	return window	9						
	which makes	9						
	one year	9						
	on but	9						
	like i	9						
	all i	9						
	out water	9						
	i find	9						
	the instructions	9						
	shirts and	9						
	paid for	9						
	it out	9						
	working after	9						
	the settings	9						
	make a	9						
	one is	9						
	few times	9						
	great but	9						
	purchased the	9						
	one for	9						
	a week	9						
	see how	9

burrs	12 does grind	12 i was not	5			
nuts	12 another one	12 quite a bit	5			
fell	12 so i'm	12 for years and	5			

recommended	12	the amount	12	in the end	5				
often	12	because the	12	replaced it with	5				
itself	12	i love	12	a single cup	5				
spent	12	and you	12	had to take	5				
roast	12	it still	12	while it worked	5				
rather	12	was very	12	i've been using	5				
fast	12	again i	12	and it has	5				
plus	12	very disappointed	12	using this for	5				
break	12	to hold	12	it and it	5				
except	12	most of	12	the same probler	5				
manually	12	and has	12	problem with the	5				
fact	12	the old	12	tried to use	5				
compact	11	only used	12	but i was	5				
larger	11	broke after	12	the handle is	5				
contacted	11	grinder was	12	couple of times	5				
arrived	11	to keep	12	but i would	5				
weak	11	returned it	12	i used the	5

fresh	11	coffee that	12	i had a	5				
us	11	to buy	12	even on the	5				
ready	11	the bin	12	happy with it	5				
rest	11	out and	12	but the motor	5				
change	11	grind size	12	with it i	5				
attached	11	fine but	12	no way to	5				
anymore	11	a big	12	will be returning	5				
error	11	a small	12	to have it	5				
dead	11	unit is	12	turn it on	5				
speed	11	machine i	12	this grinder in	5				
turning	11	it gets	12	and i was	5				
yet	11	through the	12	is not very	5				
support	11	a cheap	12	to love this	5				
finest	11	it with	12	to make a	5				
shipping	11	2 years	12	is going to	5				
fit	11	so far	12	a new one	5				
point	11	about this	12	and is easy	5				
feed	11	not have	12	grind coffee bear	5				
designed	11	very well	12	the coffee grinds	5				
eventually	11	is easy	12	number of cups	5				
oily	11	had it	12	for a good	5				
perfect	11	the encore	12	i thought i	5

lots	10	grinding coffee	11	i liked the	5				
basically	10	to find	11	of this grinder	5				
star	10	some of	11	great while it	5				
level	10	but this	11	of use the	5				
higher	10	disappointed in	11	of ground coffee	5				
loose	10	fine enough	11	the grinder for	5				
cold	10	the finest	11	i've had to	5				
worst	10	but that	11	this one i	5				
stops	10	this morning	11	press the button	5				
refund	10	am not	11	a long time	5				
means	10	instead of	11	a blade grinder	5				
store	10	under the	11	the beans in	5				
useless	10	to give	11	problem is that	5				
save	10	noticed that	11	clock on the	5

	working it	7				
	loud and	7				
	can see	7				
	i also	7				
	just fine	7				
	when we	7

	as good	7				
	every day	7				
	and buy	7

switched	10	plastic top	12 of use the	5				
correctly	10	the next	12 while it worked	5				
between	10	replace it	12 to keep it	5				
hopefully	10	another brand	12 don't know how	5				
cheaper	10	french press	12 months of use	5				
stovetop	10	coffee percolator	12 as a gift	5				
seal	10	cheap and	12 the coffee in	5				
cold	10	it with	12 to have to	5

	to pay	11 very poor quality	5			
	every day	11 does not stay	5			
	the end	11 couple of weeks	5			
	presto percolator	11 is a little	5			
	end of	11 i love this	5

	and in	10						
	lots of	10						
	the warranty	10						
	francisco bay	10						
	this because	10

	we had	10						
	a half	10						
	that holds	10

	i find	9						
	a decent	9						
	buying a	9

	problem with	8					
	fine but	8					
	was looking	8					
	the spring	8					
	this has	8					
	not what	8					
	then a	8					
	it broke	8					
	pot itself	8

company	17	been using	15	and the screen	6	pushing the plunger	3			
temperature	17	for about	15	makes a good	6	after a month of	3			
excited	17	first one	15	the plunger hand	6	the press itself is	3			
experience	17	2 months	15	the koffee kult	6	used it a few	3			
base	17	glass carafe	15	not a dark	6	it was going to	3

chambord	17	this to	15	happy with it	6	press i love the	3			
pieces	17	press that	15	to the filter	6	with the french press	3			
noticed	17	few months	15	better than the	6	it is made in	3			
10	17	the outside	15	was so excited	6	but i was disappointed	3			
leaves	17	months and	15	makes good coffee	6	this french press	3			

expensive	17	wash it	15	but the plunger	6	had to throw it	3			
rod	17	it worked	15	a second one	6	made in china i	3			
compared	17	had it	15	on this one	6	on the bottom of	3			
dropped	17	one of	15	had it for	6	not a fan of	3			
regular	17	and is	15	and it cracked	6	coffee out of it	3			
guess	17	no way	15	bought this to	6	i don't know what	3			
version	16	but that	15	on top of	6	after 2 months of	3			
excellent	16	i've had	15	and does not	6	2 months of use	3			
rather	16	happy with	15	and there is	6	at the same time	3			
light	16	the new	15	in the top	6	the lid on this	3			
holder	16	is my	15	i get a	6	is no way to	3			
customer	16	using a	15	to clean and	6	it makes a good	3			
fresh	16	to do	15	because it was	6	after i received it	3			
else	16	kind of	15	because of the	6	will be going bac	3			
stem	16	the bodum	15	as soon as	6	of coffee but i	3			
machine	16	was so	15	that i had	6	get stuck betwee	3			
prefer	16	great coffee	15	i have owned	6	wanted to love th	3			
hole	16	end up	14	the glass beaker	6	cup of coffee the	3			
big	16	in this	14	is better than	6	where the plunge	3			
waste	16	a medium	14	one of the	6	the same thing ha	3			
ounces	16	don't like	14	so i can	6	glass french pres	3			
Leaks	16	that you	14	it worked great	6	not impressed wi	3			
order	16	tried to	14	does the job	6	the top part of	3			
china	16	buy a	14	of a medium	6	top part of the	3			
description	16	one that	14	back to my	6	part of the press	3			
gave	16	the inside	14	of the carafe	6	the amount of co	3			
remove	16	made in	14	it makes a	6	i used it i	3			
kind	16	for this	14	kona french pres	6	it makes great co	3			
boiling	16	a stainless	14	i was very	6	top of the handle	3			
brewed	15	to press	14	in the last	6	this one because	3			
couldn't	15	was very	14	coffee but i	6	the flavor of the	3			
assembly	15	over a	14	it it was	6	i purchased this c	3			
wrong	15	disappointed with	14	the lid does	6	i bought this less	3			
start	15	based on	14	dark roast i	6	bought this less t	3			
twice	15	not keep	14	i loved this	6	in the morning i	3			
bean	15	no longer	14	i have a	6	soon as i opened	3			
against	15	to remove	14	couple of months	6	is not the same	3			
pressure	15	and you	14	is a good	6	i like the coffee	3			
able	15	is good	14	to the bottom	6	after just a couple	3			
short	15	coffee this	14	hot water in	6	just a couple mor	3			
during	15	that this	14	it was just	6	this coffee maker	3			
usually	15	it with	14	if you want	6	a few months of	3			
i'm	15	press itself	14	disappointed with	6	know how much	3			
date	15	good but	14	some of the	6	you have to be	3			
liquid	15	as good	14	i followed the	6	cleaning it the gla	3			
properly	15	about this	14	the plunger rod	6	it a few times	3			
myself	15	the container	14	over a month	6	not happy with th	3			
fell	15	cleaning it	14	you need to	6	so i bought a	3			
cheaply	15	had the	14	and i was	6	i bought a new	3			
fix	15	as you	14	bought this for	6	my french press	3			
don't	15	where the	13	makes great coff	6	while i was wash	3			
durable	15	i found	13	amount of coffee	6	for me if you	3			
warranty	15	to take	13	do not like	6	the only reason i	3			
products	15	the end	13	crack in the	6	a few months bel	3			
hours	14	you will	13	which is why	6	broke the glass is	3			
roasted	14	clean it	13	the handle and	6	the glass is very	3			
weak	14	while i	13	a few times	6	a better cup of	3			
coming	14	instead of	13	as long as	6	better cup of coff	3			
barely	14	because of	13	press for a	6	to get rid of	3			
easier	14	it did	13	disappointed in th	6	it doesn't make a	3			
similar	14	even though	13	not recommend t	6	on this one is	3			
ordering	14	to hold	13	as much as	6	of these in the	3			
tasting	14	to unscrew	13	the only reason	6	these in the last	3			
fill	14	my french	13	it difficult to	6	of the coffee i	3			
rubber	14	lid is	13	the plunger down	6	had to return it	3			

paint	14	the heat	13	the metal and	6	the glass broke a	3		
finish	14	it just	13	a pot of	6	have to hold the	3		
process	14	up with	13	is made in	6	that holds the filter	3		
home	14	so the	13	the filter assembly	6	not keep coffee warm	3		
contact	14	disappointed in	13	the sharp edges	6	i opted for a	3		
slightly	14	is just	13	of the metal	6	this french press	3		
picture	14	be the	13	glass and the	6	french press has	3		
annoying	14	it on	13	for more than	6	to put so much	3		
keeping	14	roast coffee	13	like the coffee	6	down the side of	3		
open	14	water and	13	portion of the	6	using a french press	3		
turn	14	make it	13	was going to	6	a second one for	3		
based	14	the old	13	is that it	6	so i decided to	3		
although	13	on it	13	on the edge	6	a french press for	3		
free	13	at first	13	it came with	6	that it would be	3		
tight	13	made of	13	not sure why	6	but you need to	3		
cannot	13	i decided	13	to replace it	5	i shouldn't have to	3		
fragile	13	good cup	13	the carafe is	5	over the lip of	3		
leaking	13	and when	13	inside of the	5	you have to angle	3		
gap	13	like to	13	between the two	5	lasted about a month	3		
safe	13	i guess	13	a week and	5	than my old one	3		
trapped	13	if you're	13	from the bottom	5	the design of the	3		
onto	13	the sink	13	of it i	5	for about a week	3		
add	13	out and	13	you can see	5	of the box the	3		
rust	13	product but	13	the glass was	5	does a great job	3		
warning	13	it cracked	13	on the box	5	could not be removed	3		
extremely	13	but there	13	but that is	5	grounds out of the	3		
defective	13	me i	13	that there was	5	i had high hopes	3		
real	13	glass broke	13	a piece of	5	had high hopes for	3		
batch	13	and makes	12	it in my	5	high hopes for them	3		
opinion	13	not have	12	between the metals	5	for a couple of	3		
flaw	13	after only	12	of the stainless	5	i decided to get	3		
perfect	13	cracked and	12	this one i	5	seal began to fail	3		
giving	13	have had	12	a whole new	5	i bought a second	3		
refund	12	my opinion	12	impressed with the	5	all over the kitchen	3		
doesn't	12	you like	12	quality of this	5	i followed the instructions	3		
milk	12	this but	12	recommend this product	5	it for a refund	3		
original	12	the grinds	12	after 2 months	5	i would have to	3		
lip	12	not recommend	12	no way to	5	it's not bad but	3		
haven't	12	hold the	12	i would not	5	the new one is	3		
mechanism	12	to pour	12	it broke after	5	cup of coffee in	3		
breaking	12	press to	12	but the glass	5	after reading the reviews	3		
shatterproof	12	product and	12	of this coffee	5	of this product are	3		
today	12	returned it	12	the last one	5	the best way to	3		
edge	12	and no	12	a crack in	5	the only thing i	3		
previous	12	filter and	12	a fan of	5	is more of a	3		
deal	12	hot coffee	12	within the first	5	a french dark roast	3		
capacity	12	against the	12	i'm very disappointed	5	the edge of the	3		
multiple	12	used this	12	went back to	5	my main gripe is	3		
	12	12 the morning	12	i really liked	5	if you want to	3		
fact	12	it this	12	but it does	5	of coffee and water	3		
frame	12	a crack	12	i returned it	5	trying to remove	3		
huge	12	i prefer	12	on the outside	5	a dark roast coffee	3		
poured	12	the color	12	the second time	5	to make cold brew	3		
unusable	12	after the	12	for a new	5	the press i bought	3		
done	12	a large	12	of use the	5	to take off the lid	3		
everywhere	12	find a	12	had this for	5	kona french press	3		
walled	12	to break	12	all over my	5	the sharp edges	3		
later	12	coffee for	12	outside of the	5				
pressing	12	it because	12	i should have	5				
anyone	12	worth the	12	press the lid	5				
portion	12	than my	12	to get it	5				
	15	12 and now	12	one and it	5				
poorly	12	reason i	12	the outside of the	5				
stripped	12	worked great	12	coffee this is	5				
husband	12	glass one	12	of coffee this	5				

stuff	12	when it	12 but if you	5

impressed	12	3 cups	12 as the glass	5				
breaks	12	poor quality	12 a decent cup	5				
store	12	in china	12 decent cup of	5				
yet	12	works well	12 coffee i bought	5				
gift	11	and has	12 it keeps the	5				
packaging	11	the other	12 would have to	5				
course	11	much better	12 trapped between	5				
possible	11	the seller	12 my first one	5				
spend	11	second one	12 than the glass	5				
followed	11	fine but	12 for a refund	5				
holding	11	love this	12 the screen and	5				
entire	11	5 stars	11 longer than a	5

(i	11	the job	11 is what i	5				
developed	11	use a	11 if you don't	5				
especially	11	came with	11 in less than	5				
someone	11	we have	11 looking for a	5				
stick	11	and water	11 but when i	5				
package	11	the steel	11 disappointed in th	5				
certainly	11	water in	11 is not as	5				
opened	11	does the	11 i do like	5				
held	11	steel french	11 of coffee the	5				
friend	11	as my	11 press the coffee	5				
goes	11	a decent	11 a few years	5				
expectations	11	holds the	11 and i have	5				
simply	11	coffee was	11 but the quality	5				
30	11	use this	11 in my coffee	5				
everything	11	to put	11 very disappointed	5				
designed	11	i also	11 is the second	5				
impossible	11	using the	11 the coffee it	5				
manufacturer	11	double wall	11 the quality is	5				
hopefully	10	looks like	11 as a replacemen	5				
saw	10	this morning	11 on the filter	5				
felt	10	before i	11 i purchased the	5				
service	10	4 months	11 going back to	5				
perfectly	10	one cup	11 one of these	5				
positive	10	coffee that	11 of coffee to	5				
fan	10	the screw	11 when i first	5				
cleaned	10	to find	11 to find a	5				
exactly	10	to work	11 coffee and i	5				
system	10	steel one	11 had a bodum	5				
fault	10	and there	11 job of keeping	5				
purchasing	10	the flavor	11 to hold the	5				
lower	10	while it	11 the lid on	5				
flat	10	double walled	11 coffee out of	5				
vessel	10	i find	11 bought a new	5				
simple	10	the time	11 2 months of	5				
heavy	10	metal and	11 i thought this	5				
space	10	the red	11 the amount of	5				
care	10	sharp edges	11 the one i	5				
sound	10	been a	11 i ended up	5				
lost	10	is better	11 coffee which is	5				
ended	10	end of	11 this product for	5				
--	10	broke the	11 what it is	5				
means	10	the rubber	11 on the handle	5				

us	10	make coffee	11	it the glass	5				
rich	10	the bag	11	but it's not	5				
cool	10	the whole	11	it does the	5				
keurig	10	not like	11	i opened the	5				
makers	10	how much	11	but the top	5				
stay	10	well made	11	the second one	5				
takes	10	has been	11	the counter and	5				
soon	10	unfortunately the	11	the side of	5				
took	10	my hand	10	after a week	5				
normal	10	well and	10	and you have	5				
threads	10	or the	10	the glass on	5				
tiny	10	just not	10	i loved the	5				
grinder	10	not impressed	10	press does not	5				
line	10	the instructions	10	the glass french	5				
hoping	10	like that	10	was my first	5				
near	10	i've never	10	i think the	5

		two months	10	end up with	5				
		it from	10	to have to	5

	started leaking	7				
	just the	7				
	the heating	7
